

K6SRH

Sam's Radio Hams Sunday Net

Control Operators Instructions and Script

INSTRUCTIONS FOR 2010: The pre-net check-in starts at 0830 Local time and will continue to 0900 on **7268.5 kHz**. You may move the net to **3.921 kHz** if at your location band conditions on 40M will not work. Due to the propagation conditions we have all experienced recently, we will be using assistant net control stations and some linking to increase participation. The net control will ask for check ins in groups (A to H) (I to R) (S to Z). This would be the first letter of your call suffix. At the end of each group the Assistant N.C. will be asked to report any additional stations they heard. The Assistant N.C. stations will be the other Net Control Operators as listed.

This is K6SRH, SAM'S RADIO HAMS SUNDAY NET that meets at 0900 local time every Sunday. Your Net Control today is_(your call sign)_. My name is _____ and I am located in _____. Sam's Radio Hams is a chapter of the Good Sam Club, and is affiliated with ARRL. We are a group of Amateurs who also hold an interest in RV Camping and we schedule monthly campouts. The Chapter has approximately 50 members and welcomes inquiries from potential new members. Interested parties should check our Web Site at www.srhams.org, or e-mail at n6isy@arrrl.net Please hold further check-ins until called for. An opportunity for general announcements will be afforded after the Officers reports. Are there any EMERGENCIES ON FREQUENCY that are in need of assistance? (Pause) Are there any RELAYS? (Pause) Not hearing anyone, the chapter officers and chairpersons are:
