

Sam's Radio Hams Activities

Our campouts are always fun! In addition to happy hours and campfire chats, there are often organized meals/potlucks. Our members interests are broad and include sight seeing, antique shopping, hiking, biking, geocaching, crafting, games, trains, drones, Parks and Summits On the Air (POTA/SOTA), and tech talks.

Assistance is available to obtain your amateur radio license, and FCC testing can be arranged. You no longer need to learn Morse Code. Assistance is also available for setup, operation, and installation of communications equipment.

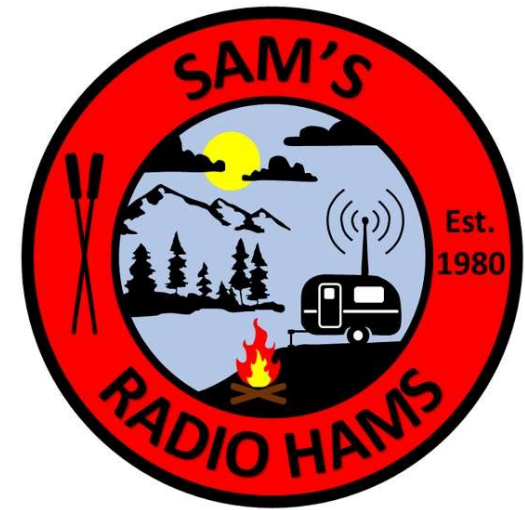

As a member, you will receive the monthly Ham-O-Gram, aka the "HOG", where camping stories, campout schedules, member news and other information is shared.

For more information, please visit our website.

Sam's Radio Hams is a group of RVers, who are also amateur radio operators, that enjoy campouts, social activities and public service.

If you enjoy the RV experience, enhanced by good friends, then Sam's Radio Hams is the group for you!

Sam's Radio Hams is affiliated with the American Radio Relay League.

Sam's Radio Hams Campouts

At campouts you'll enjoy sharing your RV experiences with new friends. Many lifelong friendships have been formed since the Sam's Radio Hams club was formed over 40 years ago.

Check our webpage for photos and videos of our past campouts and schedule of future events.

If you happen to receive this brochure during a campout and you're already a ham operator, please join us on 147.51 MHz for our morning campout net and learn other useful information about our activities.

HF net: Mon - Fri, 3.9185 MHz, 8:00pm

ZELLO net: 2nd Saturday each month, 8:45am

ZOOM virtual campfire: 4th Monday each month, 7:00pm
